

Anidesh Chuli Expedition

Trip Overview

Anidesh Chuli also known as White Wave, has been climbed by very few climbers; the peak Anidesh Chuli is situated 6808m high above sea level in the Kanchenjunga region of Eastern Nepal. Anidesh Chuli is based at one of the most remote regions of the Himalaya region of Nepal, which is also home to one of the most admired mountains - Mount Kanchenjunga. The mountain forms part of the far western edge of the Kanchenjunga massif (Tibetan Dzo-Nga-Tak-Tse or Five Treasures Tiger Mountain). Anidesh Chuli is a beautiful icy and one of the best peak on the side ridge separating the Kumbhakarna Glacier and Ramtang Glacier. Anidesh Chuli has an altitude of 6808m. The name Anidesha Chuli is the Nepali name for the peak, and previously, Anidesh Chuli was known as White Wave. Though no ascents of the peak are known, Anidesha Chuli is a spectacular and beautiful Himalayan Mountain and Anidesh Chuli was only officially permitted in 2002. Anidesh Chuli is surely one beautiful mountain and if you are someone who loves mountain climbing, you have to make sure it doesn't get neglected from your list.
